

New Opportunities!

Daycos is looking for motivated, driven, dedicated professionals to join our team. Someone who is willing to own issues at hand, always striving to gain efficiencies, improve relationships & continue to develop themselves. Candidates who respect & appreciate their co-workers and want to give back to our community.

Customer Service Specialist

We are different than most. Providing a high level of service to our customers is not just what we say, it is what we do. We are not looking for average team members, we are looking for people who want to make a difference. People who:

- Uncover actual customer needs with both written and verbal innovative asking skills
- Achieve high level of customer satisfaction by being a responsive, professional and effective communicator
- Have high attention to detail and has an investigative mind-frame
- Are very technologically savvy to work in multiple systems
- Work closely and positively with other members of the team

We are a company that respects and appreciates our employees, our customers, and our community.

We do good to be good.

We invest in our employees to allow them to have a good work-life balance, a strong wellness program, great benefits, and a 40-hour workweek. They also take advantage of paid volunteer time and donation matching to allow them to invest in our community.
